## Hilco Redevelopment Partners and HACIA Invites You to a Subcontractor Open House

Hilco RP is developing the old Crawford Plant located along the South Branch of the Chicago River and 35<sup>th</sup> St into a \$100 million, 1,060,000-square-foot warehouse known as Exchange 55.

The developer wants to open the facility as early as the first quarter of 2020. The new building will feature 188 loading docks and 225 parking spaces. Solar panels will also be installed atop the 52-foot-high structure.

- All Trades are Welcome
